RE: July 26, 1985 memorandum subject:
U.S. Environmental Agency

Dear Mr. Paradise:

Reliance is currently selling Caravelle 830-75C27-0233D Rel-Var Topcoat, 830-PJ27-0070A Rel-Var Catalyst, and 421-C27-0126 Sanding Sealer. Of those three the sanding sealer would fall outside the guidelines for emission of photochemically reactive materials. Back in April of 1984 one drum of 421-C27-0130 exempt sanding sealer was sent to Caravelle for line evaluation; this product would be exempt. Mr. Tony Volgarino our salesman is familiar with the product and will be reviewing it with you.

I've enclosed a current MSDS for each of the products for your file. If there are any questions which I may help you with please do not hesitate to contact me.

Sincerely yours,

Kenneth M. Znidarsic
